

Thanks to You

CHORUS

Thanks, thanks, thanks to you
for all you've done and all you do.
Working, helping, endlessly
building our community.
T-H-A-N-Ks to you.
We want to say thanks to you!

VERSE

Thanks very much for being so brave,
Creating a world where we can be safe;
keeping us protected and shaping our minds,
loving us well and giving your time.
Because of you I'm healthy and free.
I don't have to worry cause you care for me.
In your hands I'm safe and sound,
and I want you to hear me say thanks real loud!
